### FORMATS

Classroom  
Live Online  
CISA CPD 28 hours

### QUALIFICATION

ISO27001 Certified ISMS Lead Implementer (CIS LI) qualification (ISO 17024-certificated)

## COURSE HIGHLIGHTS

This fully accredited, practitioner-led course equips you with the skills to lead an ISO 27001-compliant information security management system (ISMS) implementation project. Learn from the developers of the original ISO 27001 Lead Implementer course and get to grips with the nine steps to implementing an ISMS.

Real-world practitioners show you how to tackle an ISMS project from start to finish. This includes group discussions, practical exercises and case studies throughout the course.

### WHAT WILL YOU LEARN?

Securing senior management commitment and building the business case / The role and structure of an information security policy / How to determine the scope of your ISMS based on the requirements of ISO 27001 / Developing a management framework / How to structure and manage your ISO 27001 project / How to allocate roles and responsibilities for your ISO 27001 implementation / The definition of risk in ISO 27001 and options for risk assessments under the Standard / The benefits of, and key issues when selecting, a risk assessment tool / How to carry out an information security risk assessment / The Statement of Applicability (SoA), and justifications for inclusions and exclusions / Reviewing your existing controls and mapping controls to Annex A of ISO 27001 / How to prepare for your ISO 27001 certification audit / Important information to ensure that you pass first time

### ADDITIONAL INFORMATION

The course includes:

- Comprehensive documentation (digital copy provided as a PDF file);
- The ISO27001 Certified ISMS Lead Implementer (CIS LI) exam; and
- A certificate of attendance.

The course is guaranteed to run and 21 hours of CPD will be gained for members of the Compliance Institute of South Africa (CISA).
