ISO27001 Certified ISMS Lead Auditor (CIS LA) qualification (ISO 17024-certified).

COURSE HIGHLIGHTS

This fully accredited course equips you with the skills to conduct second-party (supplier) and third-party (external and certification) audits. Build your career as a lead auditor, lead a team of auditors and achieve compliance with ISO 27001.

Real-world practitioners show you to lead an audit from start to finish through discussion, case studies and role play.

WHAT WILL YOU LEARN?

Understand the audit process used by certification bodies / An overview of the structure and requirements of ISO 27001 / Learn how to use audits to monitor conformance / How to apply continual improvement of the ISMS / The purpose and benefits of the audit / The role of auditors and standards in audits / Common audit terms and definitions / The principles of effective auditing / Critical skills required for performing an audit / The importance of observing and listening / Conducting an audit follow-up / The competence and evaluation of auditors / Accredited certification audit specifics / Selecting and leading an audit team / Managing communications with the audit client / How the audit process is used in first-, second- and third-party audits / How to establish and maintain an audit programme / Planning, conducting, reporting and following up on an audit

ADDITIONAL INFORMATION

The course includes:

- Comprehensive documentation (digital copy provided as a PDF file);
- The ISO27001 Certified ISMS Lead Auditor (CIS LA) exam; and
- A certificate of attendance.

The course is guaranteed to run and 21 hours of CPD will be gained for members of the Compliance Institute of South Africa (CISA).
